

Software for the Microscopy Classroom

## MAKING CLASS INTERACTIVE AND INSPIRING

AirTeach Software Bundle

## DIGITAL MICROSCOPY CLASS

The AirTeach software from Leica Microsystems provides teachers with a tool to share knowledge efficiently, and have everybody on the same page, all the time.

## AIRTEACH EMPOWERS TEACHERS TO:

- 1. See a thumbnail view of students' microscope images in the layout of the classroom.
- 2. Share up to four images on a large display or projection to allow a comparison of students' findings.
- 3. Confirm cameras are logged in to ensure participation.

## CHECKLIST FOR IT INFRASTRUCTURE

- 1. Laboratory equipped with cameras from Leica Microsystems which are Ethernet compatible. Select live resolution and maximum frame rate limit suitable for the network performance.
- 2. Ethernet connections for all microscope workplaces
- 3. For cameras and PCs: 1 Gigabit Ethernet network ports
- 4. Dedicated network switch for the classroom.
- 5. Network capacity of 5 MBit/s per camera is required for a camera setting of 800 × 600 with a framerate of 10 fps.
- 6. One Windows PC for AirTeach (touchscreen or standard), (see PC specifications below), and one projector or large screen display.
- 7. Please confirm the following ports are opened within the network where the cameras and PCs are connected by cable:
  - > TCP 80 (HTTP)
  - > TCP 8080 (HTTP)
  - > TCP 8081 (Login, classroom communication)
  - > TCP 8900 (RTSP Proxy Server Management)
  - > TCP 8082
  - > TCP 8085 (HTTP)
  - > UDP 8086 (Broadcasting)

- > UDP 8554 (RTSP)
- > TCP 8554 (RTSP)
- > UDP 554 (RTSP)
- > TCP 554 (RTSP)
- > TCP 8555 to 8605
- > UDP 8555 to 8605
- > UDP 5353 (Bonjour DNS)

- 8. PC specifications:
  - > Disable: firewalls, sleep mode, power saving, auto network disconnect modes, and anti-virus programs
  - > Hard drive: 256 GB or larger (SSD preferred but not mandatory)
  - > CPU: Intel Core i7
  - > Monitor: 22" or larger (optional touch screen for AirTeach PC)
  - > Network: 1 GB Ethernet port
  - > Connected to network by cable (Wi-Fi disabled)
  - > Memory: 16 GB
  - > Bonjour installed
  - > AirTeach installed on AirTeach PC and set to extended screen view
  - > Windows 8.1 minimum
  - > 1 GB dedicated stand alone graphics card

Order No.:	13 613 750: AirTeach Software Bundle
Remark	Microscopes and cameras to be purchased separately
